PROFESSIONAL EXPERIENCE

PRIVATE PRACTICE CHIROPRACTOR

1990-PRESENT

Hall Chiropractic and Family Wellness Center

www.hallchiropracticwellnesscenter.com

Subluxation-based chiropractic, functional neurology, athletic performance, family wellness, and pediatrics

- Clinic administrator and director of all facets, duties, and responsibilities concerned with running a successful multi-office chiropractic clinic for 25 years. Two professional office with wife and husband both being chiropractors.
- Focused on the integration of chiropractic adjusting, functional neurology, nutrition, exercise / rehabilitation and lifestyle wellness into clinical care and management
- Mentoring of chiropractic interns and doctors, consultations / second opinions, and multi-disciplinary interaction with clinicians around the world advising on difficult cases, technique, rehabilitation, and case management

Executive Director, Clinical Operations

3/2014 – Present

NeuroLIFE Institute, Life University

www.neuroLIFEinstitute.com

- Oversee the management of complex neurological cases refractory to traditional forms of treatment.
- Provide neurological expertise in the areas of functional neurology and neurotherapeutic rehabilitative applications in the management of patients with concussive injuries, mTBI, peripheral neuropathies, neuro-endocrine / neuro-metabolic conditions, whiplash associated disorders, and neurological dysfunction
- Manage day to day operations of clinic doctors, staff, and operations.

EDUCATIONAL & PROFESSIONAL SPEAKER

1993 - PRESENT

Scientific, Chiropractic Technique, and Clinical Neurology Seminars and workshops for continuing education, key note speaking engagements, and general presentations delivered around the world. Course curriculum development for chiropractic education and advancement at the university level and post-doctoral level.

- **Parker University** **1990 – 1994, 2003 - 2014**
Professor, Clinical Neurology
 - All aspects of course management including content development, employment of critical thinking strategies, assessments, and presentation styles.
 - Gross Anatomy, Neuroscience, Clinical Neurology, Case Management, and Patient Management courses. Multiple guest lecturing in Biochemistry, Physiology, Orthopedics, and Nutrition.
 - Faculty Advisor for Student Clubs in Neurology, Technique, and Adjust-a-Thon
 - Numerous appreciation awards and honors from graduating classes for being outstanding clinical science faculty. Also awarded outstanding faculty by my peers in 2009-2010.

- **International Chiropractic Pediatric Association** **2013 – Present**
www.icpa4kids.com
Team Speaker
 - Renowned program taught in locations throughout the U.S. and around the world.
 - Primary course taught is Developmental Neurobiology. A 12 hour course that focuses on developmental milestones, developmental delays, retained primitive reflexes, vestibular reflexes, postural hypotonia, and cortical development. Clinical case review and demonstration of innovative applications are given.

- **Parker University, Continuing Education** **1993 - Present**
Speaker
 - Content based presentations on varying topics from technique to neurobiology, functional neurology, concussive injuries, neurodegenerative conditions of cognitive and motor decline.

- **Life University, Continuing Education** **2014 - Present**
Speaker
 - Content based presentations with varying topics primarily centered around functional neurology, chiropractic, and clinical case presentations from the NeuroLIFE Institute.

- **Parker Seminars (formerly – Parker Seminars for Professional Success)** **1998 - Present**
Speaker
 - Team speaker for many years. Varying topics, usually very large to standing room only class sizes. Often receive requests from these classes to present at additional conferences, state association, and international association conventions.

- **OTZ Health Educations Systems** **2010 – Present**
www.OTZHealthEd.com
Speaker
 - Advanced technique instruction in the management of complex neurological cases and the occipital atlantal axial articulation. Functional neurology, advanced neurotherapeutics, and technique presented to state, national, and international associations as well as at many chiropractic colleges and universities.

- **Certification Program – Clinical Neurology** **2000 - Present**
Lead Instructor
 - Advanced program of clinical neurology integrated into the practice of chiropractic. A very successful and long running program that has been taught both nationally and internationally for nearly two decades. Responsible for the administration of content, speaker integration and collaboration, proficiency assessments, and final evaluations.

- **CCED Seminars**
www.ccedseminars.com
Lecturer / Educator

- A Teleseminar / Webinar series of online lectures given live and then later on demand. Topics are primarily neurology based with chiropractic applications. These are acceptable for doctors to obtain CE credits in those states where online and teleseminar hours are allowed.

EDUCATION

Bachelor of Science – Liberal Arts Excelsior College, Albany NY	2010
Fellow – Chiropractic Neurology International Academy of Chiropractic Neurology	2008
Postgraduate Certificate – Cervical Spine Trauma International Chiropractic Association Lead Instructor: Daniel Murphy	2002
Postgraduate Certificate – Whiplash and Brain Trauma Spine Research Institute of San Diego Lead Instructor: Art Croft	2000
Postgraduate Certificate – Impairment Evaluation and Rating Parker College of Chiropractic Awarded 1993, re-certified 1998, 2000	2000
Postgraduate Certificate – Rehabilitation for the Primary Care Provider Logan College of Chiropractic Awarded – April 1994	1994
Chiropractic Neurology – Diplomate Program American Board of Chiropractic Neurology Logan College of Chiropractic Lead Instructor: Frederick Carrick Awarded – Diplomate, Sept 1993	1993
Chiropractic Orthopedics – Diplomate Program American Board of Chiropractic Orthopedics Parker College of Chiropractic Lead Instructor: Richard Ackerman 390 hour program	1993
Doctor of Chiropractic Degree Parker College of Chiropractic Magna Cum Laude, Who’s Who in Universities and Colleges, Dean’s List, and Honor Roll	1990
Oklahoma State University Stillwater, Oklahoma Pre-Med program	1984-1987

LICENSURE

- State of Texas – License #5455 1990 – Present
- State of Georgia – License # 9404 2014 – Present
- State of Colorado – License # 7214 2014 – Present
- State of Oklahoma – License # 2571 Inactive
- State of North Carolina Inactive
- State of South Carolina Inactive

Awards / Honors / Recognition

GTO – Parker Seminars – 2010, 2011, 2012, 2014, 2015

Parker University Faculty of the Year, 2008 - 2009

James W. Parker – Alumnus of the Year, 2009

Outstanding Clinical Science Instructor – Parker University (formerly Parker College of Chiropractic), chosen by graduating class. December 2013, August 2013, April 2013, April 2012, December 2011, August 2008, December 2006

Numerous appreciation awards from neurology classes, conferences, and presentation groups

Best Chiropractor – 2011, 2012, 2013, 2016 Community Newspaper – “Coppell Gazette”

RESEARCH & CONFERENCE PRESENTATIONS

Chiropractic Sports Sciences Symposium
American Board of Chiro. Sports Physicians

April 2016
Orlando, FL

Platform Presentation:

“Autonomic Hypervigilance With Vestibulo-Cerebellar Diaschisis Presenting as Depression and Balance Disorder in the Concussed Athlete – A Case Report”

Association Chiropractic Colleges Research & Consortium
23rd Annual Conference

March 2016
Orlando, FL

Poster Presentation:

“Management of a Concussed Female Athlete Using Off-Vertical Axis Rotation Device and Chiropractic Care – A Case Study”

12th International Research and Philosophy Symposium
Sherman College of Chiropractic

October 2015
Spartanburg, SC

“Case Report of a Seventeen-Year-Old Post-Concussive Male Receiving Chiropractic Functional Neurology Care”

International Association of Functional Neurology and Rehabilitation
6th Annual Conference

October 2015
Orlando, FL

Poster Presentation:

“Importance of the Evaluation of Anemia in the assessment and treatment of mTBI in an Elite Female Athlete – a Case Study”

“Treatment of Hereditary Spastic Paraplegia using a Chiropractic Functional Neurology Approach – a Case Study”

“Management of a Concussed Female Athlete using an Off Vertical Axis Rotational Device and Chiropractic Care – a Case Study”

“Chiropractic, Functional Neurology, and management of a patient with multiple concussive injuries – a Case Study”

WFC/ACC/CCIAP Education Conference 2012

September 2012

Poster Presentation:

Perth, Australia

“The role of pulse oximetry in chiropractic practice: A rationale for its use”

European Chiropractors’ Union (ECU) 2012 Convention

May 2012

Poster Presentation:

Amsterdam, Netherlands

“Improving general flexibility with a mindbody approach: A randomized, controlled trial using Neuro Emotional Technique”

World Federation of Chiropractic (WFC) 11th Biennial Congress

April 2011

Poster Presentations:

Rio de Janeiro, Brazil

1. "OTZ Tension Adjustment for Frozen Shoulder: A retrospective case series of 50 patients"
2. "Improving general flexibility with a mindbody approach: A randomized, controlled trial using Neuro Emotional Technique"

 Texas Dreams Gymnastics
 Coppell Independent School District

ADDITIONAL LECTURE AND TEACHING EXPERIENCE

Certification in Chiropractic Clinical Neurology, Lead Instructor **1993 – Present**
Certificate Program: Parker University, Dept of Post Grad Education

Lead Instructor and Developer of post-doctoral program in advanced neurological principles. This program is comprised of eight, 15 hr modules which culminate in an examination in which candidates must successfully achieve a benchmark of 70%. A secondary program is the four module version which addresses the essential elements of functional neurology. This program has been presented in Dallas, TX; Toronto and Ottawa, Canada; Istanbul, Turkey; Oslo, Norway; and Melbourne, Australia

Animal Chiropractic Program, Lecturer **2009 - Present**
Certificate Program: Animal Veterinary Chiropractic Association
Sponsoring University: Parker University

Presentations of comparative neurology to doctors of chiropractic and veterinary medicine. Principal applications involving neurology of the vertebral subluxation complex and higher functions.

OTZ Health Education Systems, Lecturer **2010 - Present**
Locations: Dallas, TX; Paris, France; Oxford, England; Toronto, Canada

Lecturer and researcher for OTZ Health Ed Systems in the area of clinical neurology, frozen shoulder, developmental anatomy and neurobiology as well as assisting in research study leading to publication and international poster presentation.

OTZ Health Ed Systems – Functional Neurology Series, Lead Instructor **2013 – Present**
Location: Toronto, Canada; Ottawa, Canada; Dallas, TX

Lead instructor for 4-part series on functional neurology for the practicing chiropractor. This program focuses on functional neurology, the neurological examination, technique applications, and rehabilitative strategies.

Neurology Diplomate Program, Lecturer / Adjunct Faculty **1993 - 2004**
Sponsoring College: Logan College of Chiropractic
Locations: Philadelphia, Boston, Orlando, Dallas, St. Louis

Presented and coordinated scientific lectures in clinical neurology to primarily chiropractic audiences. Usually gave three 15 hour presentations per month in various locations. Responsible for content administration, exam production and analysis, written assignment, critical reasoning, and clinical proficiencies in neurological examination procedures and diagnostic attainment. Live patient assessment and management was a strong factor in this program.

Neurology Diplomate Program, Lecturer / Lead Instructor **1999 - 2003**
Location: University of Quebec at Montreal; Montreal, Quebec, Canada
Sponsoring College: University of Quebec Trois Rivieres, Canada

Neuroweb – Clinical Neurology Program, Lecturer / Lead Instructor **1997 - 1998**
Locations: Montreal, Quebec, Canada
Private Venture

Administrator and Presenter of Chiropractic Clinical Neurology Program. Duties included all aspects of arranging, marketing, content material, hotel hosting, university services, travel, and examination processing.

Part I Instructor, Taught bi-annually: General Anatomy, Spinal Anatomy, Physiology, Biochemistry, Pathology, and Microbiology/Public Health
